Explore a Partnership

Let's Start With Your Team.

Your Institution

Introduce your bank or hire-purchase company and an authorized business contact.

Your Lending Focus

Tell us about the borrowers, loan products and review process you want to discuss.

A Product Walkthrough

Explore the borrower and lender journeys with our team. Agree the scope and requirements together.

The Details Before Launch

Complete due diligence, agreements, security checks and operational approvals before activating a partnership.

Available products, tools and workflows depend on the agreed partnership scope. An inquiry does not activate a partnership.

A First Conversation

Share your institution name and business contact. Please leave borrower records and confidential documents out of the first message.

www.satyafinancial.com/onboarding/banks

Satya is a technology platform, not a bank or lender. Institutions keep their credit decisions and regulatory duties. Partnerships require due diligence and agreement.

Satya Financial Technologies Pvt Ltd

SATYA

For Banks & Hire-Purchase Companies

More clarity. Closer connections. *Your decisions.*

Meet borrowers through Satya's loan marketplace. Bring applications, documents and risk insights together for your team to review.

Bank & Hire-Purchase Partnerships

The Lending Journey

One Place for a Clearer Review.

01 Receive Shared Applications

Borrowers review their details and authorize sharing. Your team sees applications it is permitted to review.

02 Review the Full Picture

Bring borrower details, supporting documents and risk insights into your review. Follow up where information is missing.

03 Respond on Your Terms

Request clarification and prepare offers using your institution's own credit policy, pricing and approval process.

04 Keep the Decision With You

Your institution confirms requirements, completes its checks and manages the lending decision and payout.

Access follows borrower permission and your team's authorization.

Who We're Talking To

Your Institution. Your Approach.

01

Banks

A new channel for your lending team.

Explore personal and auto lending through structured applications, document review and offers in one workspace.

02

Hire-Purchase Companies

Start with a conversation about vehicle finance.

Discuss how borrower, vehicle and dealer information could support your process. We agree the scope and setup with your institution.

Risk Insights

Understand the Details Behind the Decision.

See What Supports a Score

Explore how income, credit history and collateral inform the personal-loan scorecard. Missing inputs stay visible.

Keep People in the Review

Risk insights support your team's assessment. A score is not an approval or a substitute for your checks.

Protect Your Credit Policy

Keep your own due diligence, eligibility, pricing and credit decisions. Agree the tools and controls before launch.

Satya is a technology platform, not a bank or lender. Institutions keep their credit decisions and regulatory duties. Partnerships require due diligence and agreement.
