

CONNECT THROUGH SATYA

A better way to find and offer loans.

Borrowers reach multiple partner banks through one application. Banks discover opportunities and compete through clear offers and direct conversation.

- 01 BORROWERS**
Apply once and explore responses from partner banks.
- 02 BANKS AND LENDING PARTNERS**
Receive structured applications and compete for customers.
- 03 ECOSYSTEM PARTNERS**
Discover a smarter, data-driven lending marketplace.

FOR POLICYMAKERS AND ECOSYSTEM PARTNERS

Useful innovation with institutional control.

Structured digital processes

Marketplace-level insight

Institution-led governance

Banks: partner with Satya

Satya is a financial technology marketplace, not a bank or lender. Offers and approvals remain subject to each bank's policies, verification, pricing, and final decision.

NEPAL'S MULTI-BANK LOAN MARKETPLACE

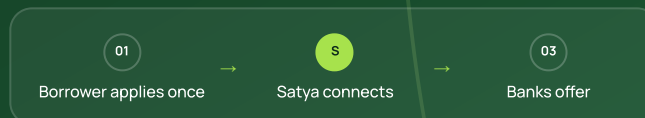

One application. Multiple banks. Better possibilities.

Apply once through Satya and reach all participating partner banks. Review available offers and counteroffers together while each bank keeps control of its own lending decision.

Multi-bank reach

Direct conversation

AI-driven insight

HOW SATYA WORKS

From one application to a marketplace of banks.

- 01 SIMPLE, GUIDED JOURNEY**
Complete one application
Tell us about your loan needs and provide the required information once.
- 02 YOUR INFORMATION, YOUR CONSENT**
Review and confirm
Check your application and give consent before anything is shared with banks.
- 03 MULTI-BANK MARKETPLACE**
Reach all partner banks
Your consented application is shared with all participating partner banks.
- 04 BANK RESPONSES**
Receive offers and messages
Banks can offer, counteroffer, or send questions and updates through Satya.
- 05 MORE CHOICE**
Compare and respond
Review available terms together, then accept or decline the offer that suits you.

AI Powered by state-of-the-art financial technology. AI-assisted insights and analytics make information clearer and more useful.

Lending works better when opportunity connects.

Satya brings borrowers and partner banks together in one digital marketplace built for discovery, conversation, and choice.

B

BORROWERS

More reach with less repetition

Use one application to connect with multiple participating banks.

F

FINANCIAL INSTITUTIONS

More opportunities to serve

Discover structured loan requests and engage borrowers directly.

AI

TECHNOLOGY AND INTELLIGENCE

Smarter insights from lending data

State-of-the-art AI, analytics, and data science turn application information into useful signals for borrowers and financial institutions.

CONNECTED BY SATYA

Banks compete

→

You compare

Reach more borrowers. Compete with better intelligence.

- 01

Discover structured opportunities

Review consistent loan requests from borrowers seeking bank offers.
- 02

Offer with flexibility

Present terms, revise an offer, or counter with a better-fit structure.
- 03

Contact borrowers through Satya

Ask questions, clarify information, and keep applicants informed.
- 04

Use AI-assisted insights

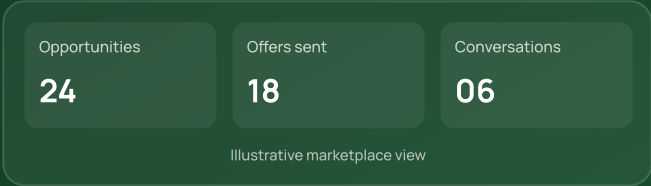

Focus review with summaries, opportunity signals, and areas for attention.
- 05

Turn data into intelligence

Use analytics and data science for trends, performance, and planning.
- 06

Stay in control

Apply your own policies, verification, pricing, and lending decisions.

BANK-LED DECISIONS

Policy, verification, pricing, and final approval remain with each institution.

Apply once. Hear from multiple banks.

- 1

Complete one application

Share your loan needs without repeating the same process for every bank.
- 2

Reach all partner banks

Your consented application reaches every participating partner bank.
- 3

Receive bank offers

See available loan terms together in one place.
- 4

Respond to counteroffers

Accept or decline when a bank suggests different terms.
- 5

Follow bank updates

Read questions and updates from participating banks through Satya.
- 6

Compare and choose

Review available options and decide what works for you.
